ESF CoNET, an International Learning Network

Models for Social Inclusion: Results from Five OECD Case Studies

18th November 2009, Trento, Italy

Agenda

Venue

*Sala Rosa - Palazzo della Regione Trentino-Alto Adige
2 Via Gazzoletti - Trento, Italy*

Final Project Meeting

18th November 2009

AGENDA

Objectives

The international seminar aims to disseminate the results of an OECD LEED study on social inclusion undertaken in five Regions across Italy and Poland who are members of the ESF CoNET¹ Network. In this framework, international learning models, strategies and best practices concerning relevant social inclusion issues, such as the integration of immigrants, lifelong learning and active labour market policies, will be presented and discussed. The methodology used by the OECD to conduct the studies will be also presented and shared with the participants.

Language

The seminar will be held in English and Italian with simultaneous translation provided.

¹ ESF CoNet (**E**uropean **S**ocial **F**und **C**o-operation **N**etwork) is a network of co-operation between Managing Authorities, Intermediate Bodies and Central Authorities that operate in the policy fields of the European Social Fund
